9. Can a lower court judge ignore the fact that a Defendant finds it impossible to appear on a certain date for trial, and proceed with the trial without the Defendant being present, fail to furnish the Defendant with a list of witnesses and refuse to allow the Defendant a copy of the transcript of the trial?

STATUTES INVOLVED

FEDERAL JURISDICTION AT THE DISTRICT COURT LEVEL

Jurisdiction at the District Court level was invoked under 28, 1331, 1332 1334, 1443, U.S.C. 42-1981, 1983, 1985, and 1986.

STATEMENT OF THE CASE

This case was filed in the United States District Court for the Northern District of Florida, Panama City Division. The Honorable William Stafford and Maurice Paul presiding. A judgement adverse to petitioners was reached there in violation of long standing Federal law. The same was advanced to the Eleventh Circuit Court of Appeals who affirm the same in the absence of an opinion or explanation even though said ruling is in controversy with a number of rulings of this Supreme Court of the land and established precedence on said issues.

For the purpose of this certiorari,

historically, the facts to support these individual controlling points of law of the case are now in controversy.

The lower court and the Circuit Court of Appeals affirmed a judgement in support of Defendant/Respondent Bill Corbin on the strength that the appellant failed to respond to a bill of admission that had been filed during the time that said Defendant/Respondent was in default. Said default resulted when said Corbin failed to respond and file his answer timely. On June 5, 1980 a default was entered against said Corbin. On 6-13-80 Defendnat/Respondent Corbin moved to set aside the default. Included in the long pleadings of 6-13-80, Corbin again demonstrated his bad faith when he swore he had received copies of the amended complaint via U.S. Mail when in fact they were served to him via U.S. Marshall.

Defendant/Respondent CORBIN further stated in his pleadings that his reason for not filing his answer(which resulted in his being in default) was " an oversight". CORBIN continued to file pleadings during the time he was in default, thereby violating Fla. Rule of Civil Procedure 1.500 which clearly states:(c) A party may plead or otherwise defend at any time before default is entered.

On June 17, 1980, Defendant CORBIN filed a support to his Motion stating he had obtained an attorney, said Joseph Shields, to represent him.. However, Mr. Shields never filed any pleadings in CORBIN's behalf. And although he was in default, CORBIN continued to file pleadings himself.

On July 7, 1980, the Court issued a discovery limitation, Order that limited the date in which discovefydate

had to be completed to October 9, 1980. On September 4, 1980, said Defendant/Respondent CORBIN filed a Bill of Admission without first obtaining relief from the prior entered default. The default was lifted five (5) months after it was entered, and two (2) months after CORBIN FILED his Bill of Admission, on Nov. 21, 1980. Throughout the proceeding, the lower court refused (super emphasis added) to alter said discovery limitation Order and repeatedly it held and denied further discovery on the strength of said prior expiring date., and this being as late as August 24, 1984!!!

The second issue involved, is the fact that the lower court DENIED and the appellate court affirmed appellants request and motion for leave to present amended complaint, based on new deplorable acts that had been performed by their respondents. The District Court

had stayed the case awaiting the determination of the State Appelate Court, the action now at bar stems from Plaintiff/Petitioner filing this Civil Right action to defend himself against a state court malpractice case that had been filed in bad faith.

Initially Defendant Corbin sought an action for damages in excess of $100,000.00(one hundred thousand) against the Plaintiff/Petitioner for the U.S. Marshall having erroneously served a like named member of the community with the summons of the past Civil Right suit, said suit ended when the lower court did not allow the Plaintiff ANTONIO MUINA, M.D. to represent himself pro se after having discharged their Montana attorney for his inability to asociate himself with local counsel as required by the local fules of the court. Then Defendant

filed a malpractice suit against the Plaintiff/Petitioner ANTONIO MUINA, M.D. WHEREIN was alleged that Dr. Muina willfully and maliciously purposely mistreated Defendant/Respondent Hood. The fraudulent allegations were so preposterous there is no possible way this case could have advanced anywhere (except the garbage can) except for the bias of the lower courts including the issuing of outlandish DISCOVERY ORDERS that in fact commanded the Plaintiff/Petitioner ANTONIO MUINA, M.D to respond to whatever interrogatories Mr. Corbin propounded against Dr. MUINA Prior to them being created!!! And further commanding that if DR MUINA did not respond to any and all the interrogatories JUDGE SMITH would deny DR MUINA all his pleadings. The interrogatories required of DR. MUINA within a thirty day(30) period was IN THE HUNDREDS- clearly violating

the Florida Rules of Civil Procedure

1.340: (a)"INITIAL INTERROGATORIES SHALL NOT EXCEED TWENTY-FIVE (25), including all subparts"

Without a doubt Judge Larry Smith of the Fourteenth Judicial Circuit Courrt knew this rule, knew the abuse and yet threatened DR. MUINA if he did not comply he would deny all his pleadings. This is only one small example of the bias of the lower courts against DR. MUINA. WITHOUTA DOUBT DR. MUINA HAS BEEN DENIED DUE PROCESS OF LAW as well as MANY OF HIS CONSTITUTIONAL RIGHTS. Making it virtually impossible for DR. MUINA to defend himself at any level. As a result the lower State Court issued a default judgment against the now Plaintiff(DR.MUINA) without the Defendant(then Plaintiff) need of seeking a motion to compel discovery. The State Court ignored Plaintiffs desperate plea for Protective Order. This was further complicated by the clerks office of the lower court (bias)

refusing to file his notices of appeals, and by the issuing of a Writ of Execution while a motion for rehearing was pending aimed at the lower court default judgement. Plaintiff J.A. MUINA became involved when the Sheriff, Upon executing against Plaintiff ANTONIO MUINA, M.D. property (including his only automobile) erroneously took a number of law books that belonged to him (J. A. MUINA). Thus because the State Appellate Court (after many months) had vacated the lower court judgement as having been entered at a time the lower court lacked jurisdiction under Fla. law to so act, due to a timely interlocutory appeal having been previously filed, the lower Federal Court, on October 1980, stayed the case until February 2, 1982, when a new judgement was issued at the State Court level against Plaintiff DR. MUINA, solely on the

strength that the Plaintiff DR.MUINA sought leave to ammend complaint based on the fact that he had met all hurdles of the procedure and the dismissal of the State Appellate Court system resulted as a direct result of the clerk's willful refusal to transfer the record to the State Appellate Court in an effort to avoid a merit reaching determination that could have only been detrimental to their case before the Federal Court.

The third and fourth issues deal with the entry of attorney fees judgment in support of Defendant CORBIN against Appellant J.A. MUINA asnd ANTONIO MUINA. The facts that clearly contradict such award in the first instance, appellant J.A. MUINA was not allowed to come in controversy against Defendant CORBIN, the lower Federal Court repeatedly and emphatically recognized that said litigant's sole claim was for wrongful levy, was

statutorily immune under Fla. law and that against Defendant Sheriff Murphy. In the case of Plaintiff DR. MUINA, the lower Court also entered such attorney fees award, even though affidavit and response against the Bills of Admission existed in the record, the lower Court without finding that the action was without basis and meritless, entered such award. See Fla. Rul. Cil. Pro. 1.500

The final issue is that action had to fail against Defendant ARCHER, because the Plaintiff did not prevail at the state court level. This, even though the complaint pleaded that the only reason he did not prevail was a result of the bad faith of the Defendants and their scheme to avoid a merit reaching determination against their person.

As such there exist plenty of Federal precedent that are in controversy

with the ruling of the lower courts including precedent from this high court.

REASONS FOR GRANTING THE WRIT

The lower courts affirmed a Summary judgment that was entered against DR. ANTONIO MUINA, on the strength of an alledged failure to respond to a Bill of Admission that was filed by CORBIN during the time he was in DEFAULT. See App._____ DEFAULT ENTERED 6-5-80 Bill of Admissions filed by CORBIN 9-4-80. The lower courts upheld that a DEFAULTING PARTY HAD A RIGHT TO FILE A BILL OF ADMISSION WHILE HE WAS IN DEFAULT. The lower court set a DISCO-

VERY LIMITATION ORDER that had a time limit up to when discovery could be taken. The lower court refused to abandon said ORDER dated August 29, 1984(see app. pg.)denying the ability of Defendant Archer to take Bills of Admission, while denying all Motion to Compel Discovery that were taken after said Discovery limitation ORDER had expired. Because of the uncertainty of the lower courts prior action, Plaintiffs responded to said untimely and ill made Bill of Admissions. However, the lower court IGNORED SAID RESPONSE and misquoted the facts on 6-14-84 and stated that Plaintiff made no response to said request and therefore the matter contained in them were deemed admited!!!SEE, Collins v.Watts 74 FRD 443 Covington Industires v. Resentine 629 f 2d 730, Varnes v. Glass Blower Asso. 674 F 2d 1365, Caribe Hydro Trailer 65 FRD

Alvine 572 F 2d1386 see also Moore Federal Practice(55-16)where the effect of the entry of the DEFAULT are clearly defined and well concluded as in all the aforestated cases that were over ruled and ignored by the lower court:

"That when a party is in DEFAULT the defaulting party also loses his standing before the Court and his rights to present evidence on issues other than unliquidated damages or as stated and well

put in Varnes v. Glass Blower Asso. 65 FRDS. 46, "Once a default is entered, a party defendant has no further standing to contest the factual allegation of plaintiffs claim for relief and the only instrument available to him are motions under Federal Rules of Civil Procedure 55b or 60b. As stated in and by Judge Metsgert in Transworld v. Hughes, ADNY38 FRD 499 Supra,"it would usher a new era in the dynamics of litigation if a party could suffer a default judgment to be entered against it and then GO ABOUT IT'S BUSINESS AS IF THE JUDGMENT DID NOT EXIST and though despite the opportunity to comply with the orders of this Court and to defend on the merits which had to be ignored, the slate is wiped clean and a new day has dawned. To state the preposition is to expose the folly of it".

The lower courts abused its discretion and the established cases by not granting appellants leave to ammend their complaint, without showing any cause for the DENIAL. SEE APP. Page 45

The lower Court stayed the case, pending the results of the case in the State Appellate Court system, that recently vacated the final judgment of the State Court case, the action from which the action now at bar stems. In order to frustrate and deter,Defendants dictatorially(and in the only manner that the defendants of this aciton would prevail at the State Appellate system) (that being, the Clerk of the lower Court was also a defendant in this action) said clerk willfully provoked misaction of not transfering the record to the State Appellate Court.Appellate having met all

hurdles of procedure, to this misaction, Appellant sought leave to ammend their complaint for further alledged that the only reason that he had not prevailed at the State Court system level was a result of the defendant's further acts of not transfering the reocrd to the Appellate Court to further protect the bad faith and misaction. As such a set of facts that warranted the granting of leave, clearly and convincingly existed. If, in fact, said amended had been allowed to be advanced, it would have all defences of defendants frustrated and the truth and merits prevailed!!! The lower court silently overuled standing precedent, specifically, Foman v. Davis 83 S. Ct 227, Zenth Radio Corp. v. Hazeltine Research Inc. 91 S. Ct. 795, Conley v. Givson 78 S. Ct. 99, U.S. v. Neighborhood Develop-

ment Corporation v. Advisory Council on Historical Preservation 632 F 2d 21, Madgj-Pour v. Georigana Community Hospiral Inc.,(CA 11th 1984) 724 F 2d 901. In all of said cases, the rule of the law is that amendment must be freely granted and that the court must have valid grounds in denying the request to amend the complaint. The granting of the amendmendments would have greatly altered the course of the case and would have allowed the Appelant Petitioner an opportunity to have establishecd his case fully and completely as is designed in our present system of law.

In the granting of attorney fees on behalf of defendant Corbin, against Plaintiff J.A. Muina, the lower court have silently ruled that nonlitigant parties can be awarded attorneys fees, even if they did not contest each

other. The court did not allow any litigation between these parties. This being a Civil Rights Action, the lower court could not award attorneys fees where its disposition of the case hinged on a statutory immunity given to Sheriff Murphy, without reaching the merits that said Sheriffs department acted as such as a result of racial bias, in fact there is no discretion to have awarded such fees this court has shockingly awarded attorneys fees in support of Mr. Corbin, against plaintiff J.A. Muina to participate in the case. As such, the decision of the lower court is in violation of established precedents on this issue, see Scheriff v. Beck 452 F. Supp. 1254, Hughes v. Rowe 101 S. Ct. 173 (where it was well stated "that attorneys fees may be awarded only if the action is meritless in the sense that it is ground-

less or without foundation".)

The lower court erred in supporting the awards of attorneys fees against Plaintiff/Petitioner DR. MUINA, when the record clearly showed that he had justification for having filed the instant Civil Right suit.

The lower courts entered a judgement against Defendant, DR. MUINA, when he was domiciled more than two-thousand (2,000) miles away in another state and unable to attend an oral deposition, rendering it impossible for DR. MUINA to defend himself/or the merits of the case to ever be heard. Clearly denying him "due process of law". Furthermore, the Circuit Judge DENIED the Defendant, DR. MUINA, the opportunity(right) to see any of the medical charts and records of teh Plaintiff MITTIE HOOD, who sued him for malpractice.SEE APP Pb .14

Judge Larry Smith (14th Judicial Circuit) refused to disqualify himself, based on a statute that was later ruled UNCONSTITUTIONAL by the Supreme Court of Florida, when he and the Defendant/Petitioner DR. MUINA, knew he (Larry Smith) was prejudiced against DR. MUINA, thereby again depriving DR. MUINA of his constitutional rights and "due process of law".

The dismissal of defendant Archer on the pretense that as a result of the plaintiff petitioners failure to succeed in an action in the lower court(solely due to the malicious prejudice of the lower court- easily discerned by anyone reviewing the actions) as such the same was dismissed. The Petitioner Dr. Muina filed suit in the Federal Court due to the rank and ever present prejudice of

carrued out against him in the 14th Judicial Court, from the onset of the original case filed against him(Dr. Muina). This prejudice against Dr. Muina was predominately enforced by Judge Larry Smith (event throughout the record). At this point (in the District Court) Judge Stafford entered a stay of proceedings until the the lower court had been completely finished. However, Judge M. Paul reopend the case on the basis of an affidavit entered by defendant's et al. Notwithstanding, during the last hearing, it was brought to the Judge's attention that the issues had not been settled(and the stay should continue in force), Judge Maurice Paul finished with the case clearly confirming prejudice against Dr. Muina, again denying him his constitutional rights and "due process of law". The lower court is in controversy with : See Smith v.

Smith 578 F. 1373, Baker v. McCollan 99 S Ct. 2689, Ryland v. Shapiro 708 F 2d 9, AFLCIO v. Scott 103 S. Ct. 3352. As such the actions of the lower court are abusive and in contorversy with said decisions. In fact, the lower District Court had repeatedly DENIED such defense when it had ruled against said Summary Judgement.

Judge Larry Smith(14th Judicial Cir) knowing it was impossible for Defendant to appear in Florida for the trial date, continued with the trial without the Defendant being present. The Defendant was never allowed a list of witnesses or a a transcript of the trial(even to date). Defendant never knew the names of the witnesses, jury, or evidence that may have been presented against him. The lower courts DENIED HIM DISCOVERY thru out the entire proceedings. Thereby making it impossible to ever defend himself!

CONCLUSION

These first generation Cuban-Americans request that this Court, in protection of their basic minority and human rights, (in the case of their children, a double minority of Cuban, Polish-Jew - Americans) grant them justice in keeping with the mainstream of American law. This writer loves the Constitution of this great United States of America and truly thanks God that we can live in a country where we can be protected against state action such as the one in the instant case. And we can find remedy for the preservation of the spirit and freedom of mankind. Long live America, its' constitution and sense of fair play and justice. Cases of obvious omission caused by an overtaxed Federal Appellate system, where errors such as the present one can go uncorrected, must be reviewed and corrected by this

high court of the land. In a case where attorneys fees are awarded against a non-combative party, who is not allowed to litigate the propositus of the omission, the omission becomes crystal clear. The lower court in fact by virtue of a clerical mistake, over-sight or omission, seeing that in fact the appellant Plaintiff had in fact responded to the Defendant's Corbin Bill of Admission, and on the basis of that mistake, judgement for summary judgement was inprovidently entered.

Thus Petitioners pray that this court so moved by justice, corrects this miscarriage and mistake of the same and grant the prayer for Petition for a Writ of Certiorari in correcting the mistake.

Defendant is very willing to contact the attorney for the Plaintiffs, Bill Corbin, and arrange for a time for a Deposition suitable for all parties involved. ORDER

THIS CAUSE came on to be heard before me on January 28, 1976 upon the Plaintiffs Motion to Enter Sanction Against the Defendant for his failure to comply with this Court's ORDER dated September 4, 1975; Plaintiff's counsel being personally present before the Court and there being no appearance for Defendant; the Court having considered same and the argument of counsel, the Court finds as follows:

1. The Defendant failed to appear for his oral depositions dated for June 2, 1975 and October 17, 1975; the Defendant failed to show good cause why he should not appear for the said deposition and he also failed to obtain a court order relieving him of the requirement to appear for the said depositions; the Court has considered the Defendant's objections to being required to appear for his oral deposition within the state of Florida in view of the obvious expense in traveling from the state of Montana to the state of Florida; that the Court is agreeable for the defendant to only answer written interrogatories at the present time, but for the reason that the cause of action acrued in Bay County, Florida, the Court is of the opinion that the Plaintiffs are entitled to have the

Defendant personally appear for his oral deposition prior to the trial date that the Plaintiffs are entitled to recover reasonalbe attorney fees and costs expended pursuant to the two depositions for which the Defendant failed to appear or show cause why he should not do so. It is therefore

ORDERED as follows:

1. That the Plaintiffs Motions for Sanctions against the Defendant is hereby denied in as far as the prayer therein is inconsistent with this order.

2. That the Defendant shall duly answer all written interrogatories propounded to by the Plaintiffs until the trial of this cause.

3. That the Defendant shall pay directly to the Plaintiffs attorney, Bill A. Corbin, 305 Fanin Avenue, Blountstown Florida 32424, the sum of One Hundred

Fifty and No/100 ($150.00) Dollars as attorneys fees for the services rendered by and pursuant to the Defendant's failure to appear at the said depositions and failure to comply with this Court's Order dated September 4, 1975 and the further sum of thirty and no/100 ($30.00) Dollars as Court Reporter's fees for the two said set depositions, the total being One Hundred Eighty and No/100 ($180.00) Dollars and the same shall be paid on or before March 15, 1976.

4. That the Defendant sahll appear at the Plaintiffs attorney's office or any other designated place, for the taking of his oral deposition no later than thirty (30) days prior to the scheduled trial of this cause.

5. That the tentative trial date of this cause is set for June 21, 1976,

at 9:00 a.m. in the Bay County Courthouse Panama City, Florida.

6. That upon the Defendant's failure to comply with any of the provisions of this Order, this Court shall strike all of the Defendant's pleadings.

AMMENDED COMPLAINT

Plaintiffs restate all paragraphs of their complaint now standing in the ammended complaint to be given the same full forces and effect.

I

That the defendant clerks office of the Fourteenth Judicial Circuit Court in order to frustrate Plaintiff's state appeal and to avoid merits determination against it's person proceeded to misemploy

its office by willfully refusing to transfer instruments to the state Appellate Court with the express purpose of frustrating Plaintiff's right to a given appeal

II

That said action was created with the express purpose of mocking the order of this court and to avoid detrimental consequences and to cover up their misaction to this court. That all such action was taken by the Defendants in furtherance of their racially motivated conspiracy and to deny the Plaintiffs with the "equal and due process application of the law".

III

That Defendant Judge Larry Bodifor refuses to adjudicate pending motions in the State Court that question the validity of a Fla., statute in regards to

the disqualification of judges. That said act is meant to protect the unconstitutionality fo the stae law and to prejudice the Plaintiffs right to have a hearing conducted by a fair and impartial judge. That all said aciton is meant and calculated to deprive this Plaintiff with his right to "due Process of law", and to in fact maqintain this litigant to a lower level or inferior class citizen or person and to further protect the acts that occured as described in paragraph 2 and 3 of the present complaint.

AS SUCH PLAINTIFF PRAYS FOR THE ADDITIONAL RELIEF:

1. To issue a mandatory injunction commanding Defendant Larry Bodiford to pass upon the merits fo the Plaintiff's standing motion,

2. To issue a mandatory injunction commanding the Defendant Clerk to obey all law requiring him to act and as a result of his failure to surrender before this Court al rights and remedies he might have as a result of his action that fail to transfer the record.

3. The further sum in excess of $1,000,000.00 exclusive of interest and cost aganst said Defendant Clerk and conspiring Defendants.

4. Any and all further relief and trial by jury in all actions so triable by by jury.

MISSION AND MOTION TO COMPEL DISCOVERY

1. Plaintiffs deny all allegations made in Defendant Corbin's Bill of Admissions in tottal and complete. Plaintiffs further object to said instrument being that it was not served upon their persons it was served in an untimely manner and at a time that said Defendant was in DEFAULT and as such had no right to file any such instrument until the lifting of the same.

2. That Plaintiffs have a number of timely served and filed instruments of discovery that defendants have wholly failed to respond without a cause, that Plaintiffs are in need of such response to meet upcoming events in the case, further more plaintiffs verbally requested that Defendants respond to such instruments and they denied acting as such, to compel discovery, and being that said defendant Archer, Smith and Collins have not allowed without cause the completion of discovery by their failure to respond to timely and properly served interrogatories and other discovery devices, Plaintiffs are entitled to an order of this court compelling the same.

1. After being duly sworn the undersigned comes and states as follows:

MOTION AND MEMORANDUM TO OBTAIN LEAVE TO AMMEND THE COMPLAINT

Plaintiff moves to ammend the complaint as gollows herein:

1. That since the last action was undertaken in the instant case noe at bar a number of events have transpired that are of the upmost importance to the case now at bar.

2. That said events have in fact occured since the filing cf this complaint and as direct result of the complaint now standing before the court. 585

3. That the need to ammend arises as a result of further competing to frustrate prior order of this court and this litigant rights before the state court.

4. That the behavior of the defendants that give rise to the need to ammend the complaint is per se of the upmost contemptous to this court prior orders and in fact create further rights to this litigant as further acts of federal rights violations by the defendants of this action

Leave to ammend the complaint must be freely given by the court but in the instant case the same is demanded of the same by the circumstances that hve developed after this court issued an order to stay proceeding pending the determination of issues by a state court of appeals, the defendants in order to avoid merit reaching determination by the state appellate

court misemployed their office in a quest to silence their misaction by using the office they control in a manner that would have frustrated the spirit of the stay order of this court and the rights of this litigant to an appeal review.

As such this court in keeping with the law of the land in this particular point of law, this court must grant this litigant his quest for leave to ammend the complaint see Alexander v. Plaintiffs/Appellees

JURISDICTIONAL BRIEF

APPELLANT, DR. MUINA, via telegram communication filed in this court his Notice of Appeals. The jurisdiction of this Court to said Notice is found upon the fact that the lower appellate court, that being the First District Court of Appeals issued a ruling that an appeal from an interlocutory order that stemed from a Final Order, See Fla. Rule App.

Pro. 9.130(5) and as such dismissed the Appeal when the record was not transfered to the Appellate Court without the Appellate Court ordering the same. Appellant then motioned at the lower court level that the rehearing to the Final Judgement be adjudicated and upon the DENIAL of the same, proceeded to file a notice of appeal in the First District of said judgement. The District Court of Appeals DENIED the same on the pretense that said appeal had already been adjudicated!!! Appellants appeal this decision to this Supreme Court of the State of Florida. See Fla. Rule App. Proc. 9.030. As such said misapplication of the Rules of Civil Procedure has served to in fact deny this litigant an Appeal posture before the Appellate Court as a result of the lower court clerk refusal to transfer the record. As such Appel-

lant prays that this court so act in accepting jurisdiction so that eventually it can correct this misapprehension of the Appellate procedure by said Appellate Court apnel. Attached are the instrument for the understanding of this case.

Respectfully,

A. MUINA, M.D.
